ABSTRACT OF DISCLOSURE

25 An easy-to-use manual grinder for peppercorns, salt crystals  
and other grindable products. The manual grinder comprises a  
container (12) with a shaft (14) passing therethrough. The  
shaft (14) is connected to conical round type grinder plates  
(16) at the base (20) of the grinder (10). At its upper end  
30 the shaft (14) is coupled to a toothed wheel (18), which  
meshes with a rack (22) the rack being able to slide in an  
essentially perpendicular direction to the axis of the shaft  
(14). The rack is moved by a lever 42 pivotally connected  
(44) to the container (12).
